*CREADEV SOFT Company* — El Menofia, Egypt

Developed web applications using C#, .NET Framework, and ASP.NET Web MVC.

Implemented front-end features using HTML, CSS, and JavaScript.

Collaborated with a team to deliver project milestones on time.
Enhanced application performance by optimizing code.

Successfully integrated third-party APIs for extended functionality.

## Tools and Technologies

- C#
- EF CORE
- ASP.NET API
- SignalR
- Restful API In ASP.NET
- Ntier architecture
- HTML5
- Javascript
- Typescript
- Tailwind CSS
- NextJs
- LINQ
- ASP.NET MVC
- SQL Server
- OOP
- Clean architecture
- Blazor
- CSS
- Bootstrap
- GITHUB
- Saas
- ReactJS

## Languages

- Arabic
- English

## Certificates

- ITI Certificate Summer Training ☑
- Completed a six-month internship as a Back-End Developer at CREADEV SOFT
- Completed a six-month internship as a Front-End Developer at CREADEV SOFT ☑

## Projects

**TaskEvaluation,** *Developed a student grade CRUD operation MVC project. Implemented dependency injection for efficient component management. Currently enhancing the frontend.* ☑

**Typing Speed Text Game,** *Crafted an engaging Typing Speed Test Game using HTML, CSS, and JavaScript, offering users an interactive platform to enhance their typing skills. The project features a sleek design, user-friendly interface, and real-time performance tracking, providing an immersive and educational experience for users and potential contributors alike.* ☑

**Safary Project Backend,** *The Safari platform is a freelance platform for tour guides . I leveraged AutoMapper for seamless object mapping, implemented dependency injection for efficient component management, integrated JWT token authentication for secure user access, and designed a dedicated Account Controller for user registration and login functionalities.*

**Safary Website Project,** *he Safari platform is a freelance platform for tour guides. This the project of frontend we use many technology like (React , TypeScript , tailwind , sass , NextJs )* ☑

**My Portfolio,** *personal portfolio. This the project of frontend we use many technology like (React , TypeScript , tailwind , sass , NextJs )* ☑
